IGNITING THE SPIRIT

When we founded Jerold Panas, Linzy & Partners in 1968, our goal was simple. We wanted to partner with inspired nonprofit leaders to make their dreams a reality. For five decades we have done just that. Since its founding, the firm has guided over 4,000 organizations in the non-profit sector through successful fundraising programs

The firm has shaped, guided, and inspired programs and campaigns of all sizes. We have been involved in campaign goals from six figures to ten figures (or you can say from \$500,000 to \$2 billion) The firm does not feel big is better. We feel that better is better.

We bring to our clients uncommon creativity, flexibility, and accountability. You can count on results that are time-phased and objective-focused. We are the outside voice that produces and ensures successful fundraising programs.

WE CHALLENGE
ORGANIZATIONS
AND INSTITUTIONS
TO NOT SETTLE FOR
BETTER WHEN BEST
IS WITHIN REACH.

Jerold Panas, Linzy & Partners is a team of men and women who are success-driven for our clients. Our overriding objective is to exceed expectations for those we serve. We believe in audacious goals. When we take on an assignment, we become a dedicated partner in the mission of the organization.

We offer a strategic organizational assessment and a range of planning, management, fundraising and training consulting services for the not-for-profit sector. No two organizations are the same. We strategically adapt our comprehensive services to meet the needs of our clients, further aligning organizational strategy to resources.
